

# ATTENTION SEASONED AND YOUNG PROFESSIONALS

## VOLUNTEER NEEDED

100%  
VIRTUAL  
2-3 HOURS  
PER WEEK  
FLEXIBLE  
SCHEDULE

## PROGRAMS LEADER

JOIN THE YOU DISCOVER MATH TEAM TO HELP  
MAKE MATH ENGAGING FOR ALL STUDENTS!

### We are looking for:

- ✓ A young professional or seasoned veteran preferably with experience overseeing the programs of a nonprofit interested in serving their community
- ✓ Willingness to support YDM's mission to make engaging math learning opportunities available to all students and to empower young people to improve math education in their communities
- ✓ Knowledgeable or Willing to Learn program development, management, and evaluation
- ✓ Strong ability to create and follow systems and procedures
- ✓ Experience facilitating activities with children and youth
- ✓ Experience working with diverse and multicultural communities; Bilingual Spanish/English is a plus

### Benefits:

- ✓ Strengthen your professional skills
- ✓ Perform meaningful volunteer work that serves your community and impacts the lives of the youth
- ✓ Pass down your work and life experience to young people who may be interested in pursuing your field of work in the future
- ✓ Team up with other professionals and youth leaders passionate about serving their communities

### Role Expectations:

- ✓ Volunteer 2-3 hours a week on a flexible schedule for at least 1 year
- ✓ Learn about YDM's current programs in order to improve and grow existing program activities
- ✓ Lead the development and management of new programs. This includes setting goals, developing budgets, and ensuring the program aligns with YDM's objectives
- ✓ Collaborate with other teammates and stakeholders by providing direction, support, and guidance when necessary
- ✓ Ensure the program is executed efficiently, monitoring progress and program effectiveness through metrics, addressing challenges and making adjustments as needed
- ✓ Coordinate with other committees and stakeholders by acting as point of contact to ensure everyone's needs are met
- ✓ Evaluate the program's effectiveness regularly, identify areas of improvement and prepare progress reports
- ✓ Develop and manage community relationships
